

Validation of Economic Activity

Notes

Upon acceptance of the questionnaire by the contact person/respondent, the enumerator should ask for the complete description of the nature of business of the establishment. This should be done to ensure that the right occupational sheet has been inserted in the questionnaire.

In case the establishment has several activities, e.g. manufacturing and trading, that from which it derives the most income/revenues should be the basis of the industry classification.

To illustrate: *If the establishment is engaged in fruit juice manufacturing, then its questionnaire must have an occupational sheet with the caption “Manufacture of Food Products and Beverages (D15).*

In case the establishment is not engaged in food or beverage manufacturing, the enumerator should check the list of industries given on pp. 6 - 8 of this Manual or Part F of the OWS questionnaire to see if the establishment should be given a different occupational sheet.

If the business of the establishment falls in any of the other listed industries, the enumerator should pull out the original occupational sheet and replace it with the correct one. On the other hand, if the establishment business does not fall in the listed industries, the original sheet should be pulled out.

Note: *Always bring extra copies of the occupational sheets.*
