

## **Appendix III**

### **H-SERIES: TABLES ON HOUSES, HOUSEHOLD AMENITIES AND ASSETS**

These tables on houses, household amenities and assets are based on the data collected through the Houselist Schedule. For the generation of these tables the data of each census house have been processed on computer. As the houseless population was not covered during the Houselisting Operations, tables in H-Series exclude the houseless population.

In view of the numerous improvements and expansion of the scope of enquiry in the Houselist Schedule at the 2001 Census, the number of tabulations has gone up substantially. Besides, there have been fundamental changes in the style and the level of presentation of data. As such the data presented in different tables may or may not totally correspond to the tables of the preceding census as indicated in the fly leaf placed immediately before the tables.

In all, the data are presented in 13 core tables which have been ascribed a particular theme. The themes on which the data are presented in these core tables are: uses of census houses; condition of census houses; predominant material of roof / wall / floor of census houses; type of structure of census houses; household size and number of dwelling rooms; ownership status of census houses; households by number of married couples, dwelling rooms and married couples having independent sleeping room; source of drinking water and its location; source of lighting; availability of bathroom and type of latrine within the house and type of drainage; availability of separate kitchen and type of fuel used for cooking; households by source of drinking water and availability of electricity and latrine; households availing banking services and the households having specified assets.

Table H-3 is divided into three parts and gives data separately on material of roof, wall and floor of census houses. Similarly, tables 6 and 7 have extensions table 6A and table 7A respectively and table H-12 has its extensions H-12 A and H-12 B. These extensions of tables provide data differently on the same theme as in the core tables. Similar data for Scheduled Caste and Scheduled Tribe households in these extended tables have been given separately. In view of voluminous data in tables 6A, 7A, 12A and 12B and corresponding tables for Scheduled Caste and Scheduled Tribe households, the data are presented only in electronic formats. There are 12 tables, the data for which will be available only in electronic format. For easy identification of these tables, the identifier 'E' is added in parenthesis to the right of the table number.

Fifteen Appendices, give similar data on total households or Scheduled Caste households or Scheduled Tribe households as presented for houses or houses occupied by the Scheduled Caste or Scheduled Tribe households in the table to which the Appendix belong.

In case of core table or its part or appendix, where the word SC or ST is suffixed to the table number, it gives data similar to the core table or its part or appendix for Scheduled Caste or Scheduled Tribe households. For instance table H-3A ST Appendix will provide data for Scheduled Tribes similar to that in H-3A Appendix for total population. There are in all 36 such tables, 18 each on Scheduled Castes and Scheduled Tribes. In case if there are no notified Scheduled Castes or Scheduled Tribes in a particular State or Union territory, the related tables for Scheduled Caste or for Scheduled Tribe households are not presented.

The data will be published for India and States / Union territories separately. For volumes brought at India and States or Union territories level, the level of presentation of data is indicated as under:

**India:** India and States / Union territories

**State / Union territory:** State / Union territory and Districts

The city / tahsil / town level data, wherever indicated in the tables, will be available only in electronic format. In the case of concerned State or Union territory volume, where tahsil is not an administrative unit, the data are presented for its equivalent administrative unit viz., taluk, police station, development block, circle, mandal, etc.

The following H-Series tables have been generated for presentation of data:

Serial number	Table number	Title and contents
1	2	3
1.	H-1	Census houses and the uses to which they are put
2.	H-2	Distribution of census houses used as residence and residence-cum-other use by their condition
3.	H-2 Appendix	Distribution of households by the condition of census houses occupied by them
4.	H-2 SC Appendix	Distribution of Scheduled Caste households by the condition of census houses occupied by them
5.	H-2 ST Appendix	Distribution of Scheduled Tribe households by the condition of census houses occupied by them
6.	H-3A	Distribution of census houses by predominant material of roof
7.	H-3B	Distribution of census houses by predominant material of wall
8.	H-3C	Distribution of census houses by predominant material of floor
9.	H-3A Appendix	Distribution of households living in census houses by predominant material of roof
10.	H-3B Appendix	Distribution of households living in census houses by predominant material of wall
11.	H-3C Appendix	Distribution of households living in census houses by predominant material of floor
12.	H-3A SC Appendix	Distribution of Scheduled Caste households living in census houses by predominant material of roof
13.	H-3B SC Appendix	Distribution of Scheduled Caste households living in census houses by predominant material of wall
14.	H-3C SC Appendix	Distribution of Scheduled Caste households living in census houses by predominant material of floor
15.	H-3A ST Appendix	Distribution of Scheduled Tribe households living in census houses by predominant material of roof

Serial number	Table number	Title and contents
1	2	3
16.	B ST Appendix	Distribution of Scheduled Tribe households living in census houses by predominant material of wall
17.	H-3C ST Appendix	Distribution of Scheduled Tribe households living in census houses by predominant material of floor
18.	H-4	Distribution of census houses used as residence and residence-cum-other use by their type of structure
19.	H-4 Appendix	Distribution of households by type of census houses occupied
20.	H-4 SC Appendix	Distribution of Scheduled Caste households by type of census houses occupied
21.	H-4 ST Appendix	Distribution of Scheduled Tribe households by type of census houses occupied
22.	H-5	Distribution of households by size and number of dwelling rooms
23.	H-5 SC	Distribution of Scheduled Caste households by size and number of dwelling rooms
24.	H-5 ST	Distribution of Scheduled Tribe households by size and number of dwelling rooms
25.	H-6	Distribution of households by ownership status of the census houses occupied by them and number of dwelling rooms
26.	H-6 SC	Distribution of Scheduled Caste households by ownership status of the census houses occupied by them and number of dwelling rooms
27.	H-6 ST	Distribution of Scheduled Tribe households by ownership status of the census houses occupied by them and number of dwelling rooms
28.	H-6A (E)	Distribution of households by ownership status of census houses, size of the household and number of dwelling rooms
29.	H-6A (E) SC	Distribution of Scheduled Caste households by ownership status of census houses, size of the household and number of dwelling rooms
30.	H-6A (E) ST	Distribution of Scheduled Tribe households by ownership status of census houses, size of the household and number of dwelling rooms
31.	H-7	Distribution of households by number of married couples in a household and number of dwelling rooms, total number of married couples and number of married couples having independent sleeping rooms
32.	H-7 SC	Distribution of Scheduled Caste households by number of married couples in a household and number of dwelling rooms, total number of married couples and number of married couples having

Serial number	Table number	Title and contents
1	2	3
		independent sleeping rooms
33.	H-7 ST	Distribution of Scheduled Tribe households by number of married couples in a household and number of dwelling rooms, total number of married couples and number of married couples having independent sleeping rooms
34.	H-7A (E)	Distribution of married couples and married couples having independent sleeping room by number of dwelling rooms available to the households in which they live and by number of married couples
35.	H-7A (E) SC	Distribution of married couples and married couples having independent sleeping room by number of dwelling rooms available to the Scheduled Caste households in which they live and by number of married couples
36.	H-7A (E) ST	Distribution of married couples and married couples having independent sleeping room by number of dwelling rooms available to the Scheduled Tribe households in which they live and by number of married couples
37.	H-8	Distribution of households by source of drinking water and its location
38.	H-8 SC	Distribution of Scheduled Caste households by source of drinking water and its location
39.	H-8 ST	Distribution of Scheduled Tribe households by source of drinking water and its location
40.	H-9	Distribution of households by source of lighting
41.	H-9 SC	Distribution of Scheduled Caste households by source of lighting
42.	H-9 ST	Distribution of Scheduled Tribe households by source of lighting
43.	H-10	Distribution of households by availability of bathroom & type of latrine within the house and type of drainage connectivity for waste water outlet
44.	H-10 SC	Distribution of Scheduled Caste households by availability of bathroom & type of latrine within the house and type of drainage connectivity for waste water outlet
45.	H-10 ST	Distribution of Scheduled Tribe households by availability of bathroom & type of latrine within the house and type of drainage connectivity for waste water outlet
46.	H-11	Distribution of households by availability of separate kitchen and type of fuel used for cooking
47.	H-11 SC	Distribution of Scheduled Caste households by availability of

Serial number	Table number	Title and contents
1	2	3
		separate kitchen and type of fuel used for cooking
48.	H-11 ST	Distribution of Scheduled Tribe households by availability of separate kitchen and type of fuel used for cooking
49.	H-12	Distribution of households by source and location of drinking water and availability of electricity and latrine
50.	H-12 SC	Distribution of Scheduled Caste households by source and location of drinking water and availability of electricity and latrine
51.	H-12 ST	Distribution of Scheduled Tribe households by source and location of drinking water and availability of electricity and latrine
52.	H-12 A (E)	Distribution of households classified by source and location of drinking water and availability of electricity and latrine
53.	H-12 A (E) SC	Distribution of Scheduled Caste households classified by source and location of drinking water and availability of electricity and latrine
54.	H-12 A (E) ST	Distribution of Scheduled Tribe households classified by source and location of drinking water and availability of electricity and latrine
55.	H-12 B (E)	Households and distribution of 1000 population by availability of electricity and toilet facilities and ownership status of house occupied
56.	H-12 B (E) SC	Households and distribution of 1000 population of Scheduled Castes by availability of electricity and toilet facilities and ownership status of house occupied
57.	H-12 B (E) ST	Households and distribution of 1000 population of Scheduled Tribes by availability of electricity and toilet facilities and ownership status of house occupied
58.	H-13	Number of households availing banking services and number of households having each of the specified asset
59.	H-13 SC	Number of Scheduled Caste households availing banking services and number of Scheduled Caste households having each of the specified asset
60.	H-13 ST	Number of Scheduled Tribe households availing banking services and number of Scheduled Tribe households having each of the specified asset
