

TECHNICAL REPORT

Study description: AUSTRALIA

Fieldwork dates: Fall, 1995

Principal investigators: Chief Investigators for this project were Professor Alan Black (Centre for Social Research, Edith Cowan University, Perth, Western Australia 6027) and Professor Elim Papadakis (School of Social Sciences, Australian National University, Canberra, ACT 0200).

Sample type:

Fieldwork institute: Roy Morgan Research Center (Melbourne)

Fieldwork method: Self-administered

Sample size: 2,048.

Response rate:

Languages: English

Additional notes:

1. There are two versions of page 1 and page 22. These versions were alternated in the fieldwork.
2. Where necessary, response categories have been combined or recoded in the international WVS database to achieve comparability with data from other countries.
3. Data from additional questions asked in Australia have not been included in the international WVS database.
4. Funding for this project was provided by the Australian Research Council and the Roy Morgan Research Centre.
